WATERS FARM SAVES & PRESERVES ANTIQUE BARN

Waters Farm Preservation, Inc., a 501(c)3 nonprofit, all volunteer organization located at 53 Waters Road in West Sutton is proud to be the recipient of an old New England barn that was going to be torn down. This particular barn is architecturally similar to the original Nathan's barn constructed in 1840 and lost to the Hurricane of 1938.

After years of searching unsuccessfully for a suitable barn to move to Waters Farm, the decision was made to proceed with new construction, resulting in a capped 40' x 60' foundation. This fall we were approached by David Stevenson of D M Stevenson Housewright, a native Suttonian currently residing in Woodstock, CT. Stevenson had worked with Waters Farm in the past, having disassembled and erected the Darling Barn, donated by the David Picard family.

The barn to be taken down was 40' wide and over 60' long, just the right size for our foundation. The history of the barn is currently being documented, but there is a very good possibility that one or more of the owners, including Sibleys and Woodburys, were related to the Waters family.

The estimated cost to remove and reassemble the barn is \$150,000, complete with a roof, siding and electrical. Ongoing fundraising efforts have included sales of the Waters Farm Apple Cookbook, Pickers Paradise Barn Sales, and Buy-a-Board/Build-a-Barn. Your support is needed and greatly appreciated. The barnraising provides a unique opportunity to make a donation to a charitable organization where you know that 100% of every dollar you give stays within the organization in your own community and is spent on the designated purpose. In time for your holidays, pans of the famous Waters Farm apple crisp (\$25) and cookbooks (\$15) are available for sale. Contact Norma Bedrosian at 508.865.2082 or Pam Farnham at 508.735.7146 or email wrefarnham@aol.com.
